

HOMEMADE MARGA-RITA COSTUME

Extra Large Cone (pet style works)

Sugar cubes: Place them along the edge of the cone and hot glue them. We added it only to one side for a salt rim.

Straw: Use an empty wrapping paper tube. Paint red and white stripes on it and glue it to the inside of the cone.

Lime: Print a large color copy of a lime wedge and glue it to a foam piece. Cut a slit into the foam to glue onto the edge of the cone.

Hot Glue Gun: After many trials of the perfect glue, it has been found that the hot glue gun works the best for holding the pieces together!
